4. If yes, was it adequately addressed?	<input type="checkbox"/> Yes <input type="checkbox"/> No <input checked="" type="checkbox"/> N/A
5. How many samples were collected?	0
Additional Comments : WASR arrived at Lafitte's staging area at 1240 hours and met with BP waste disposal contractor from Heritage Environmental (Adam Fruge). Heritage indicated that there are only boat decontamination operations being conducted onsite. Heritage also indicated that there are (3) frac tanks located onsite; (1) generating liquid waste, (1) empty, and (1) awaiting analytical results. There are (2) roll-off boxes located onsite; (1) generating PPE and (1) used for municipal waste. WASR conducted a site walk and observed site operations. WASR departed the site at 1315 hours for Hopedale waste collection and staging area.
